To Whom It May Concern:

I am pleased to provide this letter of recommendation for Valley Builders.

My experience with Valley Builders has been excellent. They have been employed as a general contractor on a number of small projects and most recently on a difficult renovation\retrofit project.

I am most impressed on how Valley Builders has accommodated their work schedule around our demanding operation schedule that changes daily. The on-site trade's people work quickly and quietly and pay attention to detail. Any concerns or issues have been resolved promptly and without hesitation.

Valley Builders takes pride in their work and reputation. They are a quality contractor with a "get it done" attitude and desire to "do it right the first time" which has produced excellent results in each project.

I have enjoyed working with Valley Builders and would recommend them without reservation.
